### Paul Lukas on Mike Piazza

ESPN Page 2 - Lukas: Good riddance, Mike

The linked article is tremendously stupid. Lukas should stick to uniforms. It's internally inconsistent (he refused to play first, and also he sucks at first! Uh, maybe that's why he refused to play first?) and only the gay thing (that he should have used the opportunity to say, "Ok, I'm not gay, but so what if I was?") carries any weight.

I wonder if maybe it's a joke? It's almost too over the top to be believable.

Hat tip to Deadspin.
